I. PRAYER

II. DISCUSSION POINTS

a. Stipends for Senators

- i. Two vetoes on Senate bills from last week, one including stipends for senators, \$10 per senator per meeting
 1. Not a bill actually, a resolution
- ii. Many schools pay senators at least minimum wage for all the work they do, not just meetings. On the same token, some schools don't pay senate at all.
- iii. Would come from the Student Development budget
 1. Comes out to about \$5,800 for all senators from the year
- iv. Would be paid per meeting, to incentivize senators to not miss senate
- v. But if we pay Senators wouldn't we also need to pay Class Officers and J-Board
 1. J-Board actually used to get paid but the University decided against it
- vi. Senate would not get paid for committee work or any extra work, just for Senate meetings
- vii. Senators calling for a better system of accountability and more recognition for their work. Is money the best way to do that? Are we failing to recognize their work?
- viii. Worried about valuing volunteerism with money. They know it's not paid when they begin.
- ix. If we pay them, what do we cut elsewhere? The money has to come from somewhere.
- x. Need more time to evaluate this situation and get student feedback. Some students may oppose because no other clubs have the funds to pay their members.
